

In order to authorize the macro execution of my\_VISHAY\_NTC\_curvev (vba for excel) :

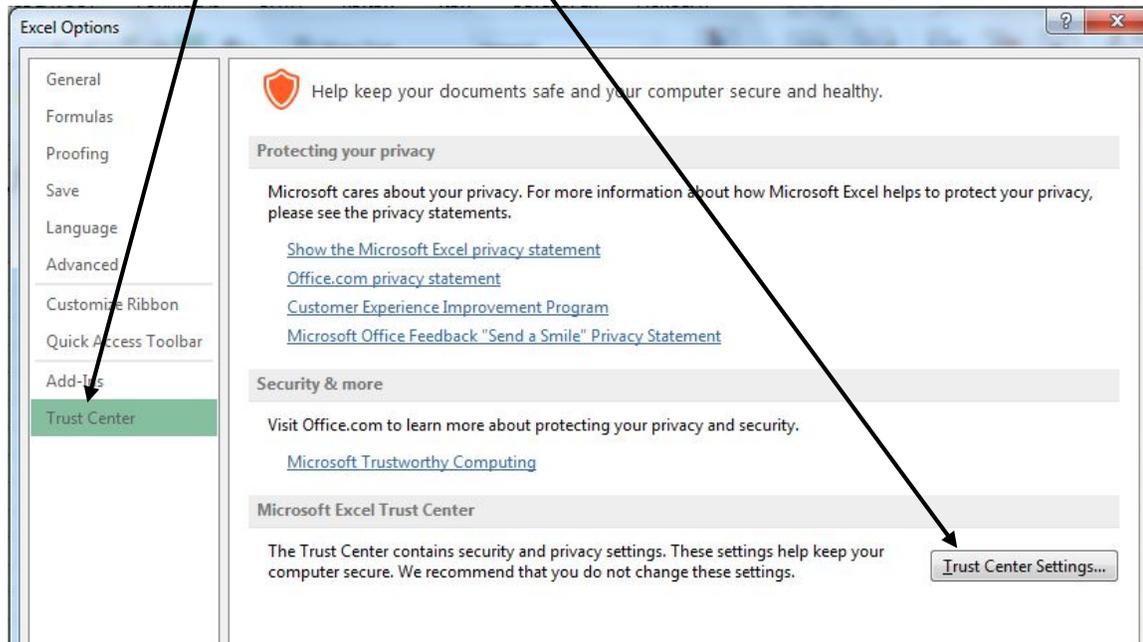

1) Click on "FILE" on the ribbon

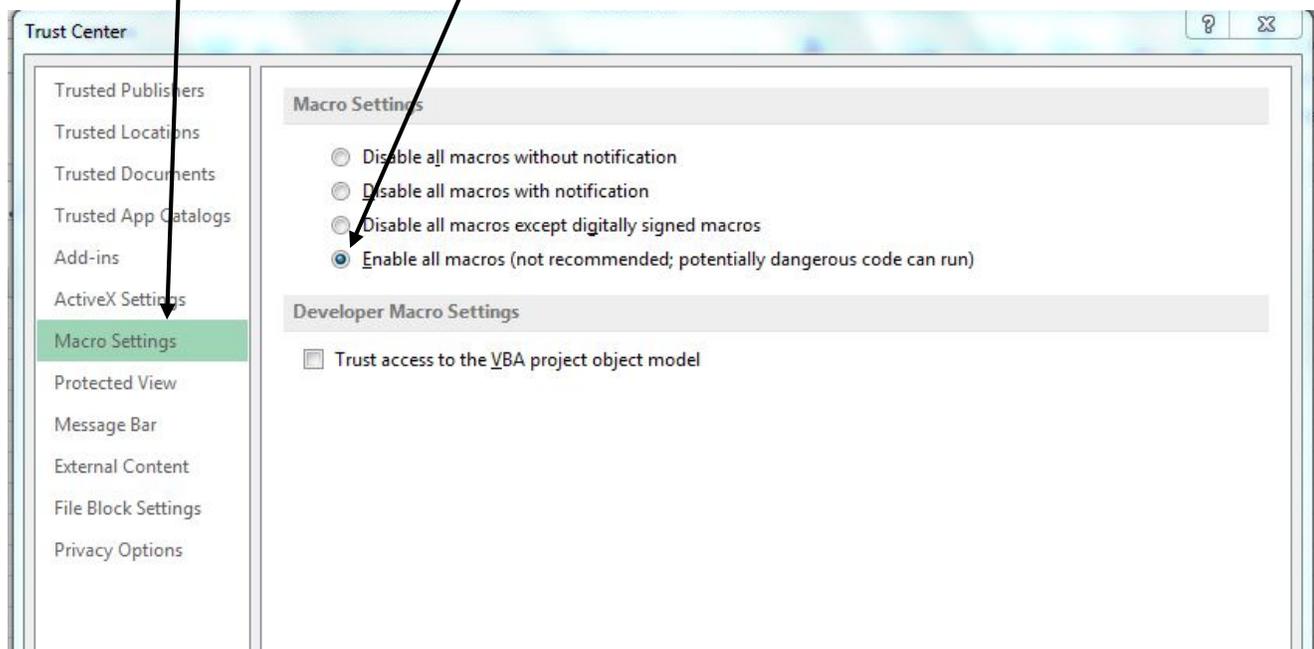

2) Click on "Options"

3) Click on "Trust Center" and then "Trust Center Settings"

4) Click on "Macro settings", then "Enable all macros" (or alternatively "disable all macros WITH notification"), then "OK"

- 5) Close and re-open "Excel" , reopen the "my\_VISHAY\_NTC\_curve" file
- 6) If you chose the option "disable all macros with notification", you will have to acknowledge the execution of the macros (normally at each opening of the file)
